

## How to use ChampionChip UK Results website

The ChampionChip UK results website is extremely user friendly. It allows an individual to access their own or even their friends results through various searches using a navigation toolbar. Below is a simple guide of how to use the Chip Results website.

When an individual first accesses the website, [www.chipresults.co.uk](http://www.chipresults.co.uk), they will be presented with the screen below. The navigation bar is to the left of the screen.

In the navigation bar below the individual will see the following search parameters that will allow them to speedily access a result, with the ability to compare the search result with other participants in a given parameter. Whenever a search parameter is selected the search button should be clicked to activate the search. For numerous selections the search button should be clicked after all are selected.

A close-up view of the 'Navigation' search form from the ChampionChip UK Results website. The form is titled 'Navigation' and contains the following elements: 'Event:' dropdown menu with '2009 Aberdare 10k' selected; 'Club:' dropdown menu; 'Category:' dropdown menu; 'Gender:' dropdown menu; 'Race Number(s):' text input field; a search instruction: 'Search on up to 10 numbers, separate by commas (eg. 1,115,2316)'; 'Surname:' text input field; 'Search' and 'Clear' buttons; and three links: 'Download Results in CSV', 'Download Results in PDF', and 'Copyright ChampionChip UK 2008'.

The 'Event' search option allows an individual to search and select a particular race from the list of other Champion Chip events. The event must be selected before any other search parameters are used.

147	72	0:49:42	Brockiebank	Nina	F		3M	147	0:49:35

The 'Category' search allows individuals to search the results of a specific age category. For example if the race organiser has stipulated age categories of 40- 44 year olds this would be 'Category 40'. This can vary from race to race.

The screenshot shows the chipresults.co.uk website. The navigation panel on the left includes dropdown menus for Event (2009 Aberdare 10k), Club, Category (40), and Gender. There is a text input for Race Number(s) and a Surname search field. Search and Clear buttons are present, along with links to download results in CSV or PDF. The main results table displays columns for GunPos, No, GunTime, Surname, Forename, Gender, Cat, Team/Club, Chip Pos, and Chip Time. The table contains 32 rows of data for the 40-year-old category.

GunPos	No	GunTime	Surname	Forename	Gender	Cat	Team/Club	Chip Pos	Chip Time

31	268	0:40:19	Powell	Paul	M	40		30	0:40:13
32	231	0:40:28	Wood	Alistair	M	40		32	0:40:20

The 'Gender' search allows individuals to filter the results of a race as either male or female.

'Race Number(s)' search allows the individual to enter either their own or a friend/relative's unique bib number along with up to 9 further bib numbers, separated by a comma, to compare race results.

'Surname' search allows the individual to search the race results by simply entering surname, this could be either their surname, or the surname of a friend/family member.

The search parameters can be used in conjunction with each other. For example an individual could select a race from the Event parameter, a specific age range from the Category parameter and then Female from the Gender parameter. This would allow the individual to view all Female results from their specific age category in a given race.

Full race results can also be downloaded as either a CSV or PDF file for further viewing or printing.
